Thursday, June 5 th , 2025	10:00 AM – 6:00 PM	Sprinkler Fitters 709 Union Hall	12140 Rivera Rd Whittier, CA 90606
Friday, June 6 th , 2025	10:00 AM – 6:00 PM	Sprinkler Fitters 709 Union Hall	12140 Rivera Rd Whittier, CA 90606
Saturday, June 7 th , 2025	8:00 AM – 3:00 PM	Sprinkler Fitters 709 Union Hall	12140 Rivera Rd Whittier, CA 90606

How do I participate?

Step 1: Call Toll Free 515-244-3080 to schedule your health screening appointment.

Or schedule online at <https://NASI.hgscreenings.com>

Step 2: Attend your onsite health screening at the scheduled time.

IMPORTANT: Fasting is NOT required.

Step 3: Ultrasound Results will be provided the day of the event.

Bloodwork and Biometric Reporting will be available within 10-14 business days

What should I expect the day of the screening?

Screenings will be completed in under an hour. When you arrive at the screening, you will be greeted by a Health Gauge staff member. The staff member will check you in. The confidential health screening will include biometrics, such as height, weight, waist and hip measurements, resting pulse, and blood pressure. Non-invasive ultrasound screenings will be performed to identify blockages in the neck, abdomen, and legs. These blockages can lead to stroke and various cardiovascular conditions that can be life threatening and debilitating if left undetected and untreated. Additionally, a comprehensive blood draw will be completed.

These tests are not meant to replace your Primary Care Physician, but are meant to improve communication with your Physician at your next appointment.

The Fund Office sincerely hopes the program will provide convenient access that will allow you to take advantage of this benefit.

Please refer to the attached informational flyer to obtain more details or simply contact Health Gauge at (515) 244-3080 for additional information.

NASI 483 Member

“When I came to the free screenings provided by local 483, I expected to leave with a clean bill of health. I couldn’t believe that the local was able to perform such comprehensive screenings right at the hall. Full blood panel and ultrasounds, it was very convenient and I was in and out in under an hour. When it came time for my ultrasounds the technicians Sara and Louis told me that there was blockage in my leg and that I should share the information with my doctor so I did. I was very surprised about the results since I had no symptoms but within two months of the screenings, I had surgery to remove the blockage in my femoral artery. I am very thankful for the screenings provided by local 483 to me. Don't miss these free annual screenings even if you think you feel fine.”
